

To: Secretary Christopher Wright United States Department of Energy

PJM is submitting this report to comply with the DOE Daily Reporting requirement in Paragraph B of the May 30, 2025 Order No. 202-25-4 (DOE Order), which provides that:

To minimize adverse environmental impacts, this Order limits operation of dispatched units through the expiration of the Order. PJM shall provide a daily notification to the Department (via <a href="mailto:AskCR@hq.doe.gov">AskCR@hq.doe.gov</a>) reporting whether the Eddystone Units have operated in compliance with the allowances contained in this Order.

On June 24, 2025, Eddystone Unit 3 and Eddystone Unit 4 operated. In particular:

- Eddystone 3 ran for 24 hours. PJM dispatched the unit at varying ranges between the operational min & max in a manner consistent with the Operations Memorandum that PJM and Constellation developed, a summary of which has been publicly posted on PJM's website accessible at: <a href="https://www.pjm.com/-/media/DotCom/committees-groups/committees/oc/postings/20250612-eddystone-3-and-4-unit-reporting-and-commitment-process.pdf">https://www.pjm.com/-/media/DotCom/committees-groups/committees/oc/postings/20250612-eddystone-3-and-4-unit-reporting-and-commitment-process.pdf</a>.
- Eddystone 4 ran for 20 hours. PJM dispatched the unit at varying ranges between the operational min & max in a manner consistent with the Operations Memorandum that PJM and Constellation developed, a summary of which has been publicly posted on PJM's website accessible at: <a href="https://www.pjm.com/-/media/DotCom/committees-groups/committees/oc/postings/20250612-eddystone-3-and-4-unit-reporting-and-commitment-process.pdf">https://www.pjm.com/-/media/DotCom/committees-groups/committees/oc/postings/20250612-eddystone-3-and-4-unit-reporting-and-commitment-process.pdf</a>.

PJM understands from Constellation, and Constellation has authorized PJM to represent, that for operations on June 24, 2025, Eddystone Units 3 and 4 complied with applicable environmental requirements consistent with the DOE's Order.
