PJM is submitting this daily report to comply with the DOE Daily Reporting requirement in Paragraph B of the May 21, 2026 Order No. 202-26-24 (DOE), which provides that:

To minimize adverse environmental impacts, this Order limits operation of dispatched units to the times and within the parameters as determined by PJM pursuant to paragraph A. PJM shall provide a daily notification to the Department (via AskCR@hq.doe.gov) reporting whether the Eddystone Units have operated in compliance with the allowances contained in this Order.

For July 16, 2026:

- Eddystone Unit 3 operated from approximately 0000 to 2200.
- Eddystone Unit 4 started running at approximately 0000 until 0440 when the unit unexpectedly tripped offline. It was able to restart and returned to service at approximately 0736 and ran continuously until 2134.

PJM understands from Constellation, and Constellation has authorized PJM to represent, that for operations on July 16, 2026, Eddystone Units 3 and 4 complied with applicable environmental requirements consistent with Order No. 202-26-24.
