

NextEra Energy Transmission MidAtlantic, Inc.
Annual True-Up
Response to Follow up questions receive on July 18 from Theresa Ghiorzi

Question 4 follow-up:

Discovery Question 4: I would like the list of expenditures in the CWIP account (107) information by quarter for 2024, including vendor, date, amount and brief description of the item.

This response does not answer my question, I specifically asked for details not the summary by quarter by cost type. I'm not interested in the names of the companies that have confidentiality agreements. I want to see the details, I requested, if NextERA has a confidentiality agreement with a Vendor the company name can be withheld (such as "Vendor 1") as long as they expenditures can be grouped by vendor.

Response:

Please see file "Attachment to TG-4 follow-up."
