

The Cape May County Municipal Utilities Authority (CMCMUA) Org ID 13981, is requesting deactivation of the Unit 4 electrical generating engine. Unit 4 is currently in operation; however, the Authority is developing a Renewal Natural Gas facility which will utilize all of the Landfill Gas collected at the Authority's Landfill. The Authority has recently executed an agreement with an RNG developer. Work on this project will require disassembling the electrical generating facility and specifically Unit 4, by the end of 1st quarter of 2027.

We are requesting a Tariff-compliant deactivation date of 4/1/2027.

The attached memo describes the history of the electrical generating facility and the reasons for retiring the final generating unit.

Please let me know if any additional information is needed.

John R. Conturo, PE

Solid Waste Program Manager

Cape May County Municipal Utilities Authority
