Re: Rescission of Deactivation Request of EF Kenilworth, LLC

To the PJM Generation Manager,

Pursuant to Section 113.1 of the PJM Open Access Transmission Tariff ("PJM Tariff"), and in accordance with Section 9 of PJM Manual 14D, EF Kenilworth, LLC ("Kenilworth") hereby rescinds the Deactivation notice it gave on September 13, 2024 regarding the Kenilworth Cogen facility. The Kenilworth facility is a 25 MW natural gas-fired cogeneration facility located in Kenilworth, NJ, within the geographic footprint of PJM.

Kenilworth will be amending and extending its existing Energy Services Agreement ("ESA") and Site Lease it has with Onyx, the owner and operator of the site on which Kenilworth is located (i.e., the Northeast Science & Technology Center). The new ESA will allow Kenilworth to continue operations in the PJM market.
