Dear Mr. Gerken:

Thank you for your letter of September 16, 2019. Please be assured that the PJM Board of Managers and staff attach great importance to CIP-014 Mitigation Projects and the Transmission Owners (TOs) related OATT Attachment M-4 proposal. As your letter and accompanying comments to the TOs note, the M-4 proposal touches on a number of issues. The PJM Board and staff are fully aware of these issues and the importance of mitigating CIP critical substations.

PJM will continue to provide leadership on these issues within our roles and obligations established under the OATT and OA and will respond to your questions appropriately.

Sincerely,

A handwritten signature in black ink that reads "Susan J. Riley". The signature is written in a cursive, flowing style.
