2/18/2020

Opportunity Cost Calculator

Issue Status

Voting was deferred at the 12/5/19 MRC meeting until the 3/26/20 MRC meeting.

Target Completion

Group has completed its work. Waiting for voting on issue. Group could then be closed.

Progress Update

Delay in voting allowed for additional negotiation between PJM, IMM and package sponsors (Dominion, Panda). This has resulted in a compromise solution which will allow for the retirement of the PJM Opportunity Cost Calculator as of 6/1 and additional documentation of the IMM calculator in M-15.

Action Requested (if necessary)
