

Deactivation Enhancements Senior Task Force Monthly Progress Report

November 2, 2023

Deactivation Enhancements Senior Task Force

Issue Status

Deactivation Enhancements issue charge was approved by the Markets and Reliability Committee on September 20, 2023. The first meeting for Deactivation Enhancements Senior Task Force was October 12, 2023.

Target Completion

March 2024

Progress Update

We will continue the education around compensation and cost allocation. Perry Ng will provide additional follow-up materials around planning process. We will also look to provide education around how units are requested to operate beyond their desired deactivation date from the Energy Market and Capacity Market.

Action Requested (if necessary)

Provide a brief description of the action(s) that this committee requests of the parent committee. Example requests: expand scope of the charter, approve new timeline for completion, vote on recommended proposal(s), etc.

Copy formatting above if reporting more than one issue.
