Order 1000 Lessons Learned

• Update on prior initiatives
  – Design Entity Standards Task Force – in progress

• Next Steps
  – PJM requested input for topics for next phase for Order 1000 process improvement.
  – Focus meeting was held on Feb 23
Topics discussed:
• RFPs - Discussed potential addition of details
  – Provide information on facility near limits
  – Provide information when violation is limited by terminal equipment
  – Development of a spreadsheet for cost proposal data
• Evaluation of alternatives – Technical/Cost/Constructability
  – Market Efficiency – Need more clarity on criteria/evaluation process
  – PJM alternatives – Changes to alternatives vs new alternative
• Cost Analysis
• Process Documentation - PJM manual is under development!
