Submission of Supplemental Projects for Inclusion in the Local Plan
**Need Number:** DLC-2019-001  
**Process Stage:** Submission of Supplemental Project for inclusion in the Local Plan 8/13/2020  
**Previously Presented:**  
Needs Meeting: 2/20/2019  
Solution Meeting: 6/19/2020  
**Project Driver:**  
Customer Service.  
**Specific Assumption Reference:**  
Pennsylvania Turnpike Commission Expressway Expansion Project to Encroach Existing Transmission Right of Ways.  
**Problem Statement:**  
The Pennsylvania Turnpike Commission (PTC) has informed Duquesne Light Company (DLC) that it plans to construct an expressway from Jefferson Hills Borough to I-376 in Monroeville, PA. The initial construction phases of this expressway begin in Jefferson Hills and end in the city of Duquesne. The construction of this expressway will closely follow the DLC transmission corridor between the Wilson and Port Perry transmission stations and, as such, a number of DLC’s existing transmission structures will be impacted and/or displaced.

The PTC has requested that all DLC modifications are completed prior to the start of the corresponding expressway construction phase, the last of which is 3/31/2023.
**Need Number:** DUQ-2019-001

**Process Stage:** Submission of Supplemental Project for inclusion in the Local Plan 8/13/2020

**Selected Solution:**
Relocate 56 transmission structures and approximately 13.9 circuit miles of conductor in order to reroute the affected circuits in three (3) different areas along the Wilson to Port Perry transmission corridor. (S2275)

**Estimated Cost:** $0 (All project costs will be reimbursed by the PTC).

**Projected In-Service:** 3/31/2023

**Supplemental Project ID:** S2275

**Project Status:** Engineering

**Model:** 2019 Series RTEP
