

Delmarva Elk Neck VPP pilot project

Scott Baker
Sr. Business Solutions Analyst
Applied Innovation

Emerging Technology Forum
June 14, 2021

- Unique use case for our footprint
 - Residential battery storage aggregated to provide wholesale services
- Lots of overlap with forthcoming Order 2222 DER Aggregation market participation model
 - Interconnection process / PJM registration process (data exchange)
 - Operational coordination with the Aggregator and Utility
 - Locational modeling of DER
 - Retail customer load interactions (NEM, potentially)
- When/If coupled with solar, understanding load impacts
 - Data could improve PJM's BTMG solar forecast
