Day-Ahead Market Results Posting

Todd Keech
Markets Applications
Background

- Day-ahead market results are available in several PJM systems
  - Markets Gateway
  - Data Miner
  - PJM.com
  - eDataFeed / Data Viewer

- Prior to 4/1/2016 - Day-ahead results were made available in all systems at 16:00

- After 4/1/2016
  - Day-ahead results are made available immediately
  - Data transfers between PJM systems cause day-ahead results to become available in each system at different times

- Review and gather feedback on PJM recommendation to alleviate data availability concerns
Current State

- **Day Ahead**
  - PJM.com
  - Data Miner
  - Data Viewer
  - Public Data Available to Public
  - eDataFeed
  - Public Data Available to Participants and Subscribers
  - Markets Gateway
  - Participant-specific and Public Data Available to Markets Gateway Users
Proposal

• Establish a firm data posting sequence
  – Day Ahead Market results will be available in the following order:
    1. PJM.com
    2. Markets Gateway
    3. Data Miner, eDataFeed, Data Viewer
  – Implementation date – Q1 2017
