Attachment B
Interconnection Service Agreement for Certified Inverter-Based Generating Facility

This form is used for both electronic and hard copy submission. Please fill in all the fields and submit. Upon submission, an electronic version of this form will be sent to you with all the information you entered. After the electronic version is sent to you, the next window will open with instructions for submitting the form to PJM. You will see a button to print the document at the bottom of the instructions. You must print this document at this point. After printing, sign the bottom of the form and return it to PJM according to the instructions along with your signature. If you have any questions with this form, please contact System Planning Department at 800-333-3185.

Find the Right Form

Is this request to connect a generation or storage facility?
- [ ] Yes
- [ ] No

Are you requesting Capacity Interconnection Rights?
- [ ] Yes
- [ ] No

Are you installing an inverter-based facility with an output less than 10kW?
- [ ] Yes
- [ ] No

Does your request fall under one of these conditions?

<table>
