Communities Roadmap

As of July 18, 2017
The Member Community allows members to find answers to their questions, get the information they need when they need it, and resolve issues quickly and efficiently.

**Key Product Features**

- Research topics quickly and easily
- Submit questions, issues and requests to PJM
- Track the real-time status of your requests
- Initiate various processes for demand bid, generation transfers, etc.
The Tech Change Forum Community allows users to find information and collaborate with other users and PJM subject matter experts about PJM’s tools and initiatives. Discussions are based on topics covered within the monthly Tech Change Forum meetings.

Key Product Features

• Moderated discussion boards
• Research topics quickly and easily
• Submit questions, issues and requests to PJM
The Planning Community will allow Transmission and Generation Owners to find information and collaborate with other users and PJM subject matter experts about Planning initiatives, proposal windows and process questions. Discussions are based on Planning topics.

**Key Product Features**

- Moderated discussion boards
- Research topics quickly and easily
- Submit questions, issues and requests to PJM

- Yellow square: End Date
• Is there a way to download Schedule Switch information from IDO train environment? **Full Q&A**

• Is an hourly differential value allowed for "Use Offer Slope"? Per IDO interface specifications for Submit Schedule Offer Update, looks like it is allowed, however markets gateway ido environment does not reflect this feature. Please clarify. **Full Q&A**

• Per amendment to Intraday Offers Compliance Filing, Dual fuel units will be allowed to update schedule availability intraday. Is an updated XML/Browserless Information available for this change? Is it deployed to markets gateway ido train environment? **Full Q&A**
