eRPM/Capacity Exchange Roadmap

As of January, 2018
The **eRPM** refresh is underway. The refreshed application will be called Capacity Exchange.

**Customer Impact/Expectations**

- Customers will be required to update/replace existing browserless configuration.
- At minimum participants will be required to update browserless to reference Capacity Exchange and utilize single sign on (SSO).
- Customers will be requested to participate in Testing/Train environment verification.

</tr>
</tbody>
</table>
**Roadmap Changes**

- Design/Development (ongoing) – Will begin again in February
- Train Environment Availability (Was Q1 2018, now Q3 2018)
- Quick Start and User Guide (Was Dec 2017, now Q2 2018)
- Parallel Operations (Was 2018 TBD, now Q4 2018)
• Reasons for Refresh:
  – Incorporate Single Sign On functionality
  – Follow PJM enhanced model for Tools
• In Scope:
  – Refresh of web pages (UI)
  – Potential Browserless Interface changes
• Expectations:
  – Participant testing/training in Training environment (2018)
  – Multi-year project (Parallel Operations 2018)
• View or start a discussion on the [Tech Change Forum Community](#).

• Please contact [capacityexchangesupport@pjm.com](mailto:capacityexchangesupport@pjm.com) with any questions.

• An email list is currently available: The RPM Auction User Information Email List is available for subscription at pjm.com My Email Lists.
