- Green square: End Date
Beta Site Testing Reminders

• Internet Explorer is the preferred browser for SharePoint.
• The content in the beta SharePoint environment will not be up-to-date.
• **Connectbeta.pjm.com** is intended for testing purposes only and changes made there during the testing window will not be available upon the Dec. 9, 2019 implementation date.

Report issues or submit questions to:
• Your site’s PJM employee owner
• **SharePointConnectAdmins@pjm.com**
Feature Descriptions

• New user interface
  – Visually aligns with the Windows 10 desktop operating system
  – Streamlines menu options, responds to user interactions, and presents actions only when needed

• Prepares connect.pjm.com for integration with PJM’s Single Sign-On at a later date
Product Details
Connect.pjm.com, PJM’s external SharePoint site, allows PJM personnel and external stakeholders to collaborate and share data.

**Key Product Features**

- Enables users to create robust, individualized sites to organize their projects, initiatives and tasks specific to their needs.
- Using SharePoint apps, users can organize document submissions, data sets and calendars all in one site.
