Upgrade Recap: Feature Descriptions

• When logging in, external users must use the following username format: DMZ\username

• Prepared connect.pjm.com for integration with PJM’s Single Sign-On by April 2020

• New user interface
  – Visually aligns with the Windows 10 desktop operating system
  – Streamlines menu options, responds to user interactions, and presents actions only when needed

• Internet Explorer is the preferred browser for connect.pjm.com
Currently, connect.pjm.com prompts users for their accounts via the web browser.

After integration, users will be directed to PJM’s Single Sign-On application.

Product Details
Connect.pjm.com, PJM’s external SharePoint site, allows PJM personnel and external stakeholders to collaborate and share data.

**Key Product Features**

- Enables users to create robust, individualized sites to organize their projects, initiatives and tasks specific to their needs.
- Using SharePoint apps, users can organize document submissions, data sets and calendars all in one site.
