eDART Enhancements (Train 03/21/2024, Prod TBD)

- • Update to Nuclear Voltage Limit (NVL) tickets to add the unit name to the PJM Comments section when the ticket upload is done per unit and not per nuclear bus station.

- • UI Text changes for consistency

Release Notes

eDART XML Schemas

eDART user account management has been migrated to Account Manager

Communication will be sent out for each milestone.

Legacy eDART account access revoked **03/27/2024**.

Migrated users: Can only log into eDART via PJM Tools:

– Prod: https://edartsso.pjm.com   - Train: https://edartssotrain.pjm.com

- Can use Single Sign On to log into eDART

- Will require PKI certificate for browserless interaction with eDART (if the user/system account does not already have one)

- Should contact their company CAMs for password resets and unlocking accounts

Revisions to the *pro forma* Open Access Transmission Tariff (OATT) and the Commission's regulations under the Federal Power Act to improve accuracy and transparency of electric transmission line ratings.

- Impacts eDART TERM Application and pjm.com OASIS thermal ratings reports

- eDART Project underway

    – Q4 2023: TO XML uploads and supporting downloads released in eDART Train

    – Q3 2024: Additional eDART Train enhancement.

- Compliance due July 2025
