

Proposal to Consolidate DRS and DIRS into one Subcommittee

DIRS

9/23/22

Scott Baker

- Consolidate the scope of the DIRS and DRS into a single subcommittee reporting to the MIC
- + Considerable stakeholder and substance overlap between demand response participation and Order 2222 (DER Aggregation)
- + PJM staff and stakeholder resource efficiency

- Sunset DRS and DIRS;
- Create new subcommittee whose charter encompasses the scope of both groups.

Subcommittee Notice	First Read	Endorsement
9/2, DRS	10/6 MIC	11/2 MIC
9/23, DIRS		

- New Subcommittee
 - Full-day meetings (scaled back only when needed)
 - Agendas divided by topic area
 - Monthly meetings, with flexibility as determined by workload
 - Charter broadened to include DR, DER, Inverter-based resources, and Energy Efficiency
