

# Drills on Demand & Invite Pilot Reminders

Brian Lynn  
PJM Restoration Drill Coordinator

Dispatcher Training Subcommittee  
May 18, 2021

- Fall Timeframe: September 27- November 5, 2021
- How does it work?
  - A member, or members, schedule a drill with PJM
  - PJM and member(s) work out the details
  - Drill happens, hours issued, etc.
  - No “public” reporting requirement to committees

- Must occur on a Tu, W, Th from September 27- November 5
- Drills will be scheduled on a first-come, first served basis but parties wishing to schedule a second drill will be lower priority than parties scheduling their first
- GO/GOps/MOCs wishing to take part in a drill must schedule with their TOs
- Scheduling Deadline: 23:59:59EPT May 31, 2021

- Invitations important for compliance purposes and attempts to improve the process have been made many times over the past few years
- Large scale initiatives MAY bring future improvements... in a more distant timeframe
- The original ask: 2-3 TOs willing to pilot a test drill invite process in the next couple of months
- Status: 2 TOs onboard
