

Small Updates to Daily Energy Transaction Reports

Sean Flamm
Engineer, Market Settlements Development
Market Settlements Subcommittee
November 16, 2017

- Reports Day-ahead Daily Energy Transactions and Real-time Daily Energy Transactions were added to the 5-Minute Settlements Reports Summary on PJM.com (<http://www.pjm.com/-/media/markets-ops/settlements/msrs/5-minute-settlements/msrs-report-updates-for-sub-hourly-settlements.ashx?la=en>)
- For 5 Minute Settlements, both reports will display “Withdrawals – Injections” instead of “Net Interchange” for daily interchange summary.

Day-ahead Daily Energy Transactions
 Transaction Type label Total DA Net Interchange will be updated to read Total DA Withdrawals - Injections. Report is otherwise unchanged from current version and remains hourly.
