

# EMUSTF Poll Results

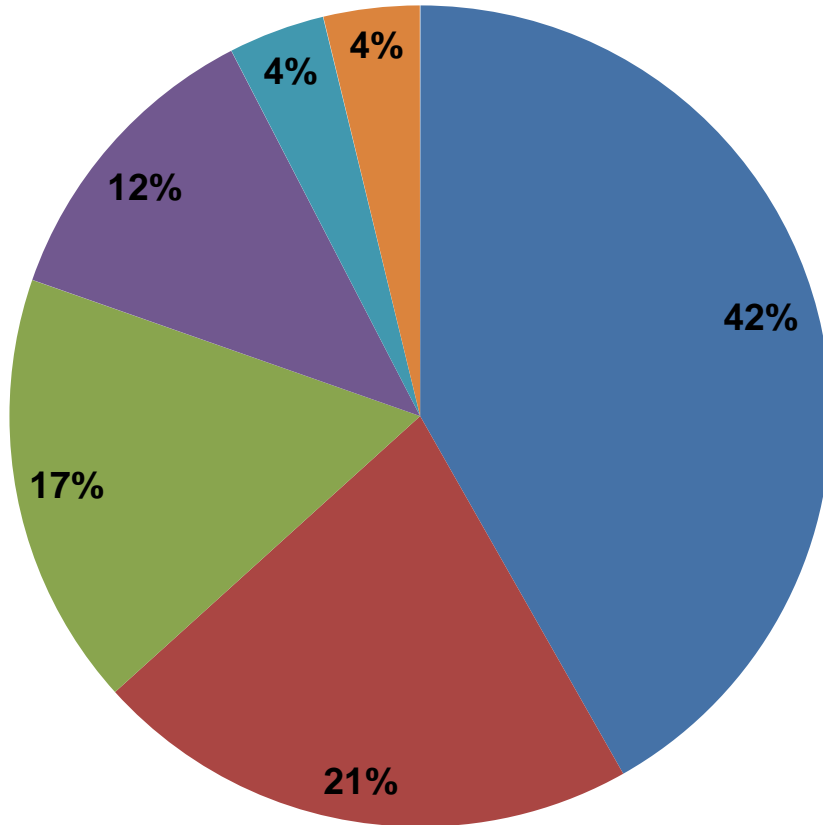

October 3, 2014

Preferred Option	# of Responses	Percentage
Continue with our work on the current timeline	66	41.8%
Expedite completing all EMUSTF activities - complete packages for both EMUSTF Phase 1 (reducing uplift and reflecting operator actions is LMP) and EMUSTF Phase 2 (cost allocation)	34	21.5%
Put all consideration of cost allocation (EMUSTF Phase 2) on hold until the FERC 206 proceeding is complete	27	17.1%
Focus EMUSTF activities on completing an allocation package relative to UTCs, INCs and DECAs with the intention of a Section 205 filing prior to completion of the FERC 206 proceeding	19	12.0%
Expedite completing a cost allocation package for UTCs, INCs and DECAs, but keep working on an entire solution (EMUSTF Phases 1 and 2) - a hybrid of options 1 and 3	6	3.8%
No response	6	3.8%
