

# ISA execution statistics

IPSTF

January 26, 2012

- ISA sent with either study
- Draft ISA sometimes circulated to parties for complex projects, prior to issuing an executable ISA
- Average time from Developer execution to PJM execution is 22 days

Number of days for PJM to execute following execution by Customer  
(Includes time for PJM to send agreement to the Transmission Owner for execution and return of agreement to PJM)
