

112A.1 Application

The Interconnection Customer desiring the interconnection of a new permanent or temporary Energy Resource of 2 MW or less under the procedures set forth in this section 112A must submit a completed Attachment Y -- Form of Screens Process Interconnection Request and provide the Transmission Provider a refundable deposit in the amount of \$~~102~~,000 if the Generation Interconnection Request was received within the first four months of the New Services Queue; a refundable deposit in the amount of \$~~123~~,000 if the Generation Interconnection Request is received in the fifth month of the New Services Queue; or a refundable deposit in the amount of \$~~15~~,000 if the Generation Interconnection Request is received in the sixth month of the New Services Queue. The deposit received will be credited toward the Generation Interconnection Customer's cost responsibility for the Generation Interconnection Feasibility Study, screens evaluation, or Alternate Queue Process studies as appropriate. Upon completion of the Generation Interconnection Feasibility Study, screens evaluation, or Alternate Queue Process studies, the Transmission Provider will return any unused refundable deposit monies to the Generation Interconnection Customer. Within 15 business days after the Transmission Provider notifies the Interconnection Customer it has received a complete Screens Process Interconnection Request, the Transmission Provider in consultation with the Interconnected Transmission Owner(s) shall: (i) perform an initial review using the screens set forth below, (ii) notify the Interconnection Customer of the results of the initial review, and (iii) shall provide the Interconnection Customer with the analysis and data underlying the Transmission Provider's determinations under the screens. The Interconnection Parties may mutually agree to a reasonable extension of time, for completion of the initial review, agreement not to be unreasonably withheld.

112B.1 Application

An Interconnection Customer desiring the interconnection of a Small Inverter Facility must submit to Transmission Provider an executed Attachment BB - Form of Interconnection Service Agreement for Certified Inverter-Based Generating Facility (“Small Inverter ISA”) and a non-refundable processing fee of \$5,000. Attachment BB is available on the PJM web site. In the Small Inverter ISA, Interconnection Customer shall provide, among other things, (i) contact information for itself and any other entity that may be interfacing with Transmission Provider on its behalf; and (ii) the legal names of the owner(s) of the Small Inverter Facility, including the percentage ownership (if any) by any utility or public utility holding company, or by any entity owned by either. Transmission Provider shall acknowledge that it received the Small Inverter ISA within three business days of receipt. Within ten business days, Transmission Provider shall notify Interconnection Customer that the Small Inverter ISA is complete or identify any deficiencies that need to be addressed.
