Subject: **PJM Regional Planning Process Task Force
Primary Power Comments on Materials Posted for the June 8, 2012 Meeting**

Dear Paul:

This letter is written in support of several proposals made by Atlantic Wind Connection (“AWC”) as part of the ongoing Regional Planning Process Task Force, and in particular for material submitted by AWC for the June 8, 2012 meeting.

For the record, Primary Power, LLC (“PPLLC”) supports the comments made by AWC in the following documents, with clarifications as described below:

- **20120608-awc-rpptf-comments.pdf**
- **20120608-public-policy-requirements.pdf**
- **20120608-long-lead-time.pdf**

With respect to the text additions proposed by AWC on sheet 2 of **20120608-long-lead-time.pdf**, PPLLC proposes the following modification as shown in red font below:

“Sixty days after the filing of PJM’s October 11, 2012 Order No. 1000 compliance filing, PJM will apply this RTEP selection criteria to any project which has a requested that PJM consider it for inclusion in the RTEP provided such request was pending on ~~June 1, 2012~~ **October 11, 2012**, and provided: (i) PJM determines the Project is sufficiently developed to warrant review; and (ii) to the extent the Project has provided PJM with the necessary information to conduct a review consistent with the terms of this Section 1.5.8. PJM’s decision in this regard must be applied on a non-discriminatory basis and PJM must provide a complete explanation of its decision whether a project qualifies for review in order to provide a record upon which the decision could be reviewed by the FERC.”

Thank you in advance for your consideration of our comments.

Very truly yours,
