

eDART Users Group (EDUG) Charter

Mission:

To work in partnership with PJM member users of eDART to discuss future enhancements and review and address member concerns using the tool in a group setting.

Background:

The eDART Users Group (EDUG) was developed to work with PJM members using the eDART suite of applications to both inform and receive feedback from members on upcoming enhancements and any issues user members would wish to discuss in a group setting. Also ideas are shared between members on use of different functionality within eDART. Areas of focus for these meetings are around the internet forms and reports. Another group eDART XML Users Group (EDXUG) focus on the IT related browserless XML interface.

Since certain applications are focused on transmission owning (TO) members at times meetings will be scheduled as EDUG-T when only TO related functionality will be discussed. Also since certain applications are focused on generation owning (GO) and/or markets members at times meetings will be scheduled as EDUG-G when only functionality related to those audiences will be discussed. Meetings are normally scheduled on a quarterly or semi-annual basis most often based on the enhancement releases scheduled for eDART. They are most often WebEx sessions.

Responsibilities:

1. Review upcoming eDART enhancements.
2. Solicit PJM user member feedback on any issues experienced using the tool that may be experienced by multiple member companies.
3. Provide Subject Matter Expert (SME) support as needed.

Administrative:

1. Membership of the user group is open to all PJM members though each must identify whether they are on the transmission or generation/marketing side when registering for the group (<http://www.pjm.com/committees-and-groups/committees/form-roster-and-mailing-lists-updates.aspx>).
2. PJM staff will be responsible for preparing and issuing all materials to be discussed at the meetings having them posted on the EDUG webpage. (<http://www.pjm.com/committees-and-groups/user-groups/edart-ug.aspx>) under Meeting Materials listed by meeting date.
