Re: Modification of Settlement Area Definition for Network Load

Dear Ms. Horning:

In accordance with Part III, Section 31.7 of the OATT and Manual 27, Section 5.7, American Electric Power (AEP) is confirming that it has provided PJM with the composition of the four new areas (Indiana Michigan Power Company, Kentucky Power Company, Ohio Power Company and Appalachian Power Company) as required no later than December 1.

AEP is also certifying its commitment to make needed additions, changes or upgrades in order to meet the June 1, 2015 implementation date for the new settlement area definitions.

Very truly yours,

A handwritten signature in black ink, appearing to read 'Daniel L. Snider', with a long horizontal flourish extending to the right.
