**RE: City of Rochelle, Informational Filing of Formula Rate Annual Update
Docket No. ER15-1464-000**

Dear Secretary Bose:

Attached for informational purposes in the above-referenced proceeding, please find the 2016 Annual Update of the City of Rochelle ("Rochelle"). This informational filing is being provided as agreed in Rochelle's initial transmittal in the above-referenced docket and in a manner consistent with the Formula Rate Implementation Protocols in Attachment H-25A of the Open Access Transmission Tariff ("OATT") of PJM Interconnection, LLC ("PJM"). Under Attachment H-25A, on or before June 1 of each calendar year Rochelle recalculates its Annual Transmission Revenue Requirement and submits an Annual Update for the upcoming rate year. See Attachment H-25A Section II.B, *et. seq.* As required by Attachment H-25 A, the Annual Update also has been posted on the PJM website.

In accordance with Section II.D of Attachment H-25 A, Rochelle includes the following documents as attachments to this transmittal:

Attachment 1 is a workable data-populated Formula Rate Template and underlying workpapers in native format (excel) with all formulas and links intact.

Attachment 2 is a FERC Form 1 Report. The Report is included as an attachment to this transmittal because Rochelle is a non-jurisdictional municipal electric utility, and is therefore not subject to the Commission's regulations requiring the filing of a FERC Form 1.

Attachment 3 is Rochelle's notice of a scheduled open meeting, via webcast, for all Interested Parties.

There are no material changes to report with respect to accounting that affects inputs to the formula rate, other than adoption of GASB 68 on pensions.

The Honorable Kimberly D. Bose

All other information required by Attachment H-25 A is included in the Attachments referenced above.

The Protocols provide specific procedures for notice, requests for information, as well as review and challenge to the Annual Update. This submittal of the 2017 Annual Update is for informational purposes only in the above-referenced docket.

Thank you for your attention to this matter.

Respectfully submitted by,

Richard A. Heinemann
