

LS POWER

LS Power is a development, investment and operating company focused on the North American power and energy infrastructure sector. Since its inception in 1990, LS Power has consistently been at the leading edge of the industry's evolution, often introducing or commercializing new technologies and developing new markets. To date, LS Power has developed, constructed, managed or acquired more than 42,000 MW of power generation, including utility scale solar, wind, hydro, natural gas-fired and battery storage projects, and over 630 miles of transmission, for which it has raised in excess of \$45 billion in debt and equity financing to support North American infrastructure. Additionally, LS Power actively invests in businesses and platforms focused on distributed energy resources and energy efficiency.
