PJM Stakeholder Profile

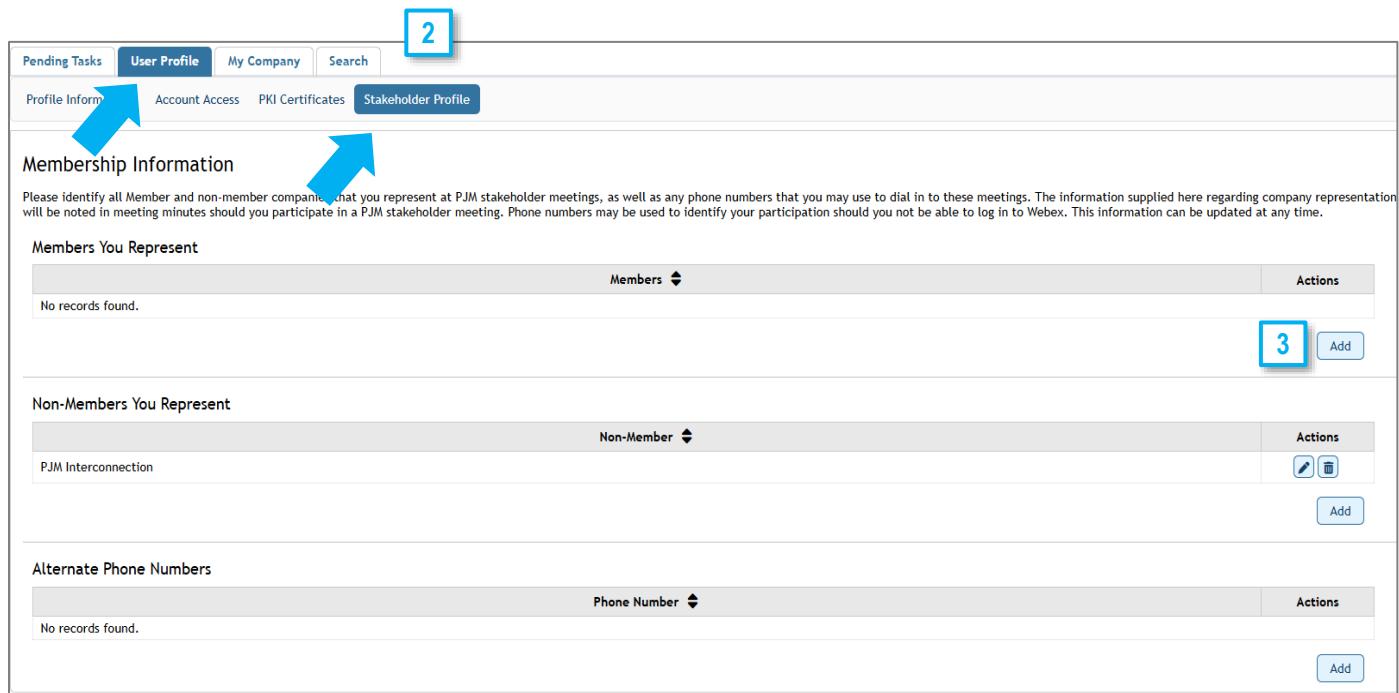

The Stakeholder Profile has been added to user accounts in Account Manager to indicate who an individual represents in the PJM stakeholder process. The Stakeholder Profile reflects the companies that you represent in PJM stakeholder meetings and will be used for meeting registration and meeting minute attendance. PJM Public access is also required on your account in order to register for stakeholder meetings. Please reference the [PJM Stakeholder Process: New Stakeholder Quick Guide](#) for additional details on how to engage in PJM's Stakeholder Process.

All stakeholders must maintain their own Stakeholder Profile.

- The Stakeholder Profile data will be leveraged for meeting registration and meeting minute attendance.
- The Stakeholder Profile is available to all stakeholders, not just Members or roster representatives.

Steps To Access Stakeholder Profile

- 1 Log in to [Account Manager](#).
- 2 Select **User Profile**, then **Stakeholder Profile**.
- 3 Update your Membership Information to reflect the companies that you represent in stakeholder meetings.

The screenshot shows the 'User Profile' section of the PJM Account Manager. Step 2 is highlighted with a blue box around the 'Stakeholder Profile' tab. Step 3 is highlighted with a blue box around the 'Add' button in the 'Members You Represent' table. The 'Membership Information' section contains a note about representing companies at PJM stakeholder meetings. The 'Members You Represent' table shows no records found. The 'Non-Members You Represent' table shows 'PJM Interconnection' with edit and delete icons. The 'Alternate Phone Numbers' table shows no records found.

Adding Members You Represent to Stakeholder Profile

- 2 Select Member Name from drop-down and click **Submit**.
