January 27, 2011

Honorable Kimberly D. Bose
Secretary
Federal Energy Regulatory Commission
888 First Street, N.E., Room 1A
Washington, D.C. 20426

Re: *PJM Interconnection, L.L.C.*, Docket No. ER11-2460-00 1
Errata Filing

Dear Ms. Bose:

On December 21, 2010, pursuant to Section 205 of the Federal Power Act, 16 U.S.C. § 824d, and the Federal Energy Regulatory Commission's ("FERC" or "Commission") Regulations, 18 C.F.R. Part 35, and in compliance with the Commission's directives in Order No. 676-E¹ and Order No. 729² PJM Interconnection, L.L.C. ("PJM") submitted for filing revised sections of the PJM Open Access Transmission Tariff ("Tariff"), Attachment C, to incorporate modifications regarding PJM's calculation of available transfer capability.³ In accordance with those Orders, PJM respectfully requested that the Commission accept the proposed Tariff revisions for filing, allowing them to become effective April 1, 2011.

¹ *Standards for Business Practices and Communications Protocols for Public Utilities*, Order No. 676-E, 129 FERC ¶ 61,162 (November 24, 2009)("Order No. 676-E"); *reh'g*, Order No. 729-B, 132 FERC ¶ 61,027 (July 15, 2010).

² *Mandatory Reliability Standards for the Calculation of Available Transfer Capability, Capacity Benefit Margins, Transmission Reliability Margins, Total Transfer Capability, and Existing Transmission Commitments and Mandatory Reliability Standards for the Bulk-Power System*, Order No. 729, 129 FERC ¶ 61,155 (November 24, 2009)("Order No. 729"); *clarified*; Order No. 729-A, 131 FERC ¶ 61,109 (May 5, 2010); *reh'g* Order No. 729-B 132 FERC ¶ 61,027 (July 15, 2010). Order No. 729, and its successors, approved six Modeling, Data and Analysis (MOD) Reliability Standards which were designed to effectively eliminate overly-broad discretion previously afforded transmission service providers in the calculation of available transfer capacity. This Order, in conjunction with Order 676-E, requires transmission service providers to adopt modifications to their Open Access Transmission Tariffs to incorporate the approved Reliability Standards and associated business practices.

³ Capitalized terms not otherwise defined herein have the meaning specified in the PJM Operating Agreement or PJM Tariff, as appropriate.

Thereafter, it was brought to PJM's attention that Tariff Section 4, OASIS, subsection 2, which incorporates by reference WEQ approved standards, and had been submitted to include those standards directed by Order 676-E, had inadvertently omitted some language which had been included in Order 676-E. Therefore, PJM submits a substitute Tariff Section 4, OASIS, subsection 2, which has been amended to replicate those standards approved by Order 676-E.

As such, PJM requests that the Commission substitute the Tariff Section 4, OASIS, subsection 2 included in this filing for the same Tariff Section that had been included in the previous submission.

I. Effective Date

Consistent with the Commission's notice requirements, PJM continues to request an effective date of April 1, 2011, which is at least 60 days from the date of this filing.

II. Documents Submitted

Along with this transmittal letter, PJM submits electronic versions of the revisions to the PJM Tariff in both marked (showing the changes) and clean forms.

III. Correspondence and Communication

The following individuals are designated for inclusion on the official service list in this proceeding and for receipt of any communication regarding this filing:

Robert V. Eckenrod
Counsel
PJM Interconnection, L.L.C.
955 Jefferson Avenue
Norristown, Pennsylvania 19403-2497
(610) 666-3184
eckenr@pjm.com

Craig Glazer
Vice President – Federal Government Policy
PJM Interconnection, L.L.C.
1200 G Street, N.W. Suite 600
Washington, D.C. 20005
(202) 393-7756

Chris Advena
Manager – Tariff Integration
PJM Interconnection, L.L.C.
955 Jefferson Avenue
Norristown, Pennsylvania 19403-2497
(610) 666-4240
advena@pjm.com

IV. Service

PJM has served a copy of this filing on all PJM Members and on all state utility regulatory commissions in the PJM Region by posting this filing electronically. Electronic

service is permitted as of November 3, 2008, under the Commission's regulations⁴ pursuant to Order No. 714⁵ and the Commission's Notice of Effectiveness of Regulations issued on October 28, 2008, in Docket No. RM01-5-000. In compliance with those regulations, PJM will post a copy of this filing to the FERC filings section of the its internet site, located at the following link: <http://www.pjm.com/documents/ferc-manuals/ferc-filings.aspx> with a specific link to the newly filed document, and will send an e-mail on the same date as this filing to all PJM Members and all state utility regulatory commissions in the PJM Region⁶ alerting them that this filing has been made by PJM today and available by following such link. If the document is not immediately available by using the referenced link, the document will be available through the referenced link within 24 hours of the filing. Also, a copy of this filing will be available on the Commission's eLibrary website located at the following link: <http://www.ferc.gov/docs-filing/elibrary.asp> in accordance with the Commission's regulations and Order No. 714.

Respectfully submitted,

Robert V. Eckenrod
Counsel
PJM Interconnection, L.L.C.
