Honorable Kimberly D. Bose, Secretary
Federal Energy Regulatory Commission
888 First Street, N.E., Room 1A
Washington, D.C. 20426

Re: *PJM Interconnection, L.L.C.*, Docket No. ER22-2110-____
Compliance Filing Notifying Commission of Tariff Part VIII Effective Date

Dear Secretary Bose:

In compliance with the Federal Energy Regulatory Commission's ("Commission") November 29, 2022 order in the referenced proceeding,¹ PJM Interconnection, L.L.C. ("PJM") notifies the Commission that Part VIII of PJM's Open Access Transmission Tariff ("Tariff") will become effective as of October 5, 2023. The referenced proceeding involves PJM's June 14, 2022 filing of comprehensive reforms to its interconnection process² that the Commission accepted subject to certain compliance filing requirements.³ The June 14 Filing requested an indefinite effective date of "12/31/9998" for new Tariff, Part VIII, and January 3, 2023, for the other Tariff revisions. The Commission accepted these effective dates, subject to the requirement that PJM "submit a further compliance filing specifying

¹ *PJM Interconnection, L.L.C.*, 181 FERC ¶ 61,162 (2022) ("November 2022 Order"), *order on reh'g*, 184 FERC ¶ 61,006 (2023).

² *PJM Interconnection, L.L.C.*, Tariff Revisions for Interconnection Process Reform, Request for Commission Action by October 3, 2022, and Request for 30-Day Comment Period, Docket No. ER22-2110-000 (June 14, 2022) ("June 14 Filing").

³ November 2022 Order at P 30.

the effective date for Part VIII of its Tariff no less than 60 days prior to the effective date, as discussed in the body of the order.”⁴

PJM submits this compliance filing to notify the Commission that Tariff, Part VIII will become effective October 5, 2023. PJM requests waiver of the requirement in the November 2022 Order that it submit a compliance filing 60 days in advance so that it may provide the required notice 30 days in advance instead. Good cause exists for allowing this effective date, as it will allow customers to begin submitting applications for service under Tariff, Part VIII, and for PJM to process requests for service in accordance with Tariff, Part VIII, sooner than if the 60-day notification period is required. This filing does not change any rates, terms, or conditions of service under the previously accepted Tariff, Part VIII.

In order to implement this effective date, PJM is revising the metadata for Tariff, Part VIII, to change the effective date from December 31, 9998 to October 5, 2023. As noted above, the revised metadata does not change any of the rates, terms or conditions of service under Tariff, Part VIII, or under any other Tariff section.⁵

Please contact the undersigned if you require additional information.

⁴ November 2022 Order at P 30, ordering paras. (A) & (C), and Appendix A.

⁵ PJM is not submitting clean or marked versions of Tariff, Part VIII, because these Tariff provisions have not been changed since they were accepted by the November 2022 Order and the compliance order. *PJM Interconnection, L.L.C.*, Letter Order, Docket No. ER22-2110-003 (Feb. 2, 2023).

Honorable Kimberly D. Bose, Secretary
