Reference: Outages and Refueling Schedules for Nuclear Resources

On November 24, 2020, PJM Interconnection, L.L.C. (PJM) filed, in compliance with the Commission's November 12, 2020 order,¹ a revision to the modeling of energy revenues for nuclear resources in the new forward-looking Energy and Ancillary Services Offset by using class-average outages that better reflect nuclear refueling schedules.²

Pursuant to the authority delegated to the Director, Division of Electric Power Regulation – East, under 18 C.F.R. § 375.307 (2020), your submittal is accepted for filing, effective November 12, 2020, as requested.

The filing was noticed on December 1, 2020, with comments, interventions and protests due on or before December 15, 2020. Pursuant to Rule 214 (18 C.F.R. § 385.214), to the extent that any timely filed motions to intervene and any motion to intervene out-of-time were filed before the issuance date of this order, such interventions are granted. Granting late interventions at this stage of the proceeding will not disrupt the proceeding or place additional burdens on existing parties.

This acceptance for filing shall not be construed as constituting approval of the referenced filing or of any rate, charge, classification, or any rule, regulation, or practice affecting such rate or service contained in your filing; nor shall such acceptance be deemed as recognition of any claimed contractual right or obligation associated
