*Re: PJM Interconnection, L.L.C., Docket No. ER25-2545-000  
Notice of Cancellation of WMPA, SA No. 6107; Queue No. AG1-318*

Dear Secretary Reese:

## **I. DESCRIPTION OF FILING**

PJM Interconnection, L.L.C. (“PJM”) submits this filing to notify the Federal Energy Regulatory Commission (“Commission”) of the cancellation of the Wholesale Market Participation Agreement (“WMPA”) entered into among PJM and Delmarva Power & Light Company (“DP&L”) as both Wholesale Market Participant as Transmission Owner) (“DP&L WMPA”). The DP&L WMPA is associated with PJM Queue No. AG1-318, designated as Service Agreement No. 6107, and was accepted by the Commission, effective June 23, 2021.<sup>1</sup> PJM is submitting this Notice of Cancellation because DP&L has requested that its project be withdrawn from the interconnection queue. Accordingly, PJM is submitting this filing to notify the Commission that Service Agreement No. 6107 is being cancelled effective as of July 29, 2025, 60 days after notice was provided by the Wholesale Market Participant that it was withdrawing its project.<sup>2</sup>

---

<sup>1</sup> *PJM Interconnection, L.L.C.*, Letter Order, Docket No. ER21-2404-000 (Sept. 9, 2021).

<sup>2</sup> The WMPA’s termination provisions are subject to Attachment O, Appendix 2, section 16 of the PJM Open Access Transmission Tariff (“Tariff”), which states that a termination can become effective upon 60 days’ written notice from the Wholesale Market Participant or the Interconnection Customer. *See* DP&L WMPA, section 1.1; Tariff, Attachment O, Appendix 2, sections 1.3, 16.1.2. The Wholesale Market Participant provided notice to terminate the DP&LWMPA to PJM and the Transmission Owner on May 30, 2025. Sixty days after May 30, 2025, is July 29, 2025.

## II. WAIVER AND EFFECTIVE DATE

PJM requests an effective date of July 29, 2025, and requests waiver of the Commission's 60-day prior notice requirement to permit this effective date.<sup>3</sup> Good cause exists for granting this effective date, which is consistent with the terms of the DP&L WMPA, and which does not require any retroactive relief. The Commission has granted waivers of its prior notice requirements in similar circumstances,<sup>4</sup> and PJM respectfully requests that it do the same here.

Re: *PJM Interconnection, L.L.C.*, Docket No. ER21-2404-000  
Original WMPA, SA No. 6107; Queue No. AG1-318

Dear Secretary Bose:

Pursuant to section 205 of the Federal Power Act (“FPA”),<sup>1</sup> and part 35 of the regulations of the Federal Energy Regulatory Commission (“Commission”),<sup>2</sup> PJM Interconnection, L.L.C. (“PJM”) submits for filing an executed Wholesale Market Participation Agreement (“WMPA”) entered into among PJM and Delmarva Power & Light Company (“DP&L”) as both Wholesale Market Participant as Transmission Owner, executed on June 23, 2021 (“DP&L WMPA”).<sup>3</sup> PJM is submitting the DP&L WMPA for filing because the Wholesale Market Participant requested interconnection of its generating facility connected to the Transmission Owner’s non-jurisdictional distribution facilities to engage in wholesale sales in the PJM markets, and the WMPA, the appropriate agreement for the circumstances, is a form of agreement not presently contained in either the Tariff or any other PJM governing document. The WMPA applies only to wholesale transactions and is not intended to govern the actual physical interconnection of a generating facility to the distribution system. PJM requests waiver of the Commission’s rules and regulations<sup>4</sup> to permit an effective date of June 23, 2021, for this WMPA, which is designated as Original Service Agreement No. 6107, and attached to this filing.<sup>5</sup>

<sup>1</sup> 16 U.S.C. § 824d.

<sup>2</sup> 18 C.F.R. part 35.

<sup>3</sup> Capitalized terms not defined herein have the meaning set forth by the PJM Open Access Transmission Tariff (“Tariff”).

<sup>4</sup> 18 C.F.R. § 35.3(a)(2).

<sup>5</sup> A copy of the DP&L WMPA is included as Attachment A. Because the DP&L WMPA being electronically filed with this transmittal letter contains electronic signatures and not the original signatures of the parties, a copy of the sheet containing the original signatures is included as Attachment B to this transmittal letter.

## I. BACKGROUND

### A. *PJM's WMPA Process*

On February 22, 2006, the Commission issued an order<sup>6</sup> which rejected two Interconnection Service Agreements filed by PJM on the basis that the interconnection of the underlying generators to non-jurisdictional distribution facilities was not, in and of itself, action regulated by the FPA.<sup>7</sup> The Commission pointed out that in Order No. 2003,<sup>8</sup> it determined that it does not have jurisdiction over an interconnection where an interconnection customer seeks to interconnect to a “local distribution” facility that is not used to provide transmission service under a Commission-approved open access transmission tariff at the time the interconnection request is submitted.<sup>9</sup> The Commission also stated that in order to assert jurisdiction over such an interconnection, there must be a preexisting interconnection and a wholesale transaction over such facilities.<sup>10</sup>

PJM routinely receives Interconnection Requests from generation developers seeking to interconnect at a distribution level in order to participate in sales to the PJM markets. These include requests to interconnect to distribution facilities that, consistent with the GSG Orders and Order No. 2003, are considered non-jurisdictional. In light of the GSG Orders and Order No. 2003, PJM developed the WMPA as a contractual means to address these requests and provide a process to properly track and study these distribution-level interconnections, and facilitate the generator’s participation in PJM’s organized wholesale markets. WMPAs also allow PJM to establish and set forth any necessary security and metering provisions. In instances when a non-jurisdictional interconnection could affect the integrated transmission system, the WMPA process allows PJM to ensure that this contingency is studied and corrected, if necessary.

PJM developed its first WMPAs in 2006 and filed those agreements pursuant to the Commission’s jurisdiction under FPA section 205 and the Commission’s independent jurisdictional authority over wholesale sales of electric energy and related products in PJM’s markets.<sup>11</sup> The Commission accepted those filings and has routinely accepted the

numerous WMPAs PJM has filed since then.<sup>12</sup> The instant filing is also being submitted pursuant to such jurisdiction and authority, and establishes the terms and conditions necessary to facilitate the Wholesale Market Participant's ability to make wholesale sales into PJM markets. PJM respectfully requests that Commission accept this WMPA, to be effective June 23, 2021, as requested.

**B. Description of the WMPA**

The DP&L WMPA facilitates the Wholesale Market Participant's participation in PJM's organized wholesale markets via wholesale sales from its 1 megawatt ("MW") Ocean City – Battery Storage located in Ocean City, Maryland.<sup>13</sup>

The DP&L WMPA provides that DP&L will have Capacity Interconnection Rights in the amount of 0.3 MW.<sup>14</sup> It further provides that nothing in the WMPA establishes any rights for DP&L with respect to the use of distribution facilities.<sup>15</sup> This section also states that these Capacity Interconnection Rights will commence June 1, 2024, and during the time period commencing with this WMPA's effective date (June 23, 2021) through May 31, 2024, DP&L may be awarded interim Capacity Interconnection Rights in an amount not to exceed 0.3 MW. The DP&L WMPA also provides that to the extent any portion of the Participant Facility is not a Capacity Resource with Capacity Interconnection Rights, such portion of the Participant Facility is an Energy Resource, and DP&L will be permitted to sell energy into PJM's markets in an amount equal to the Participant Facility's Maximum Facility Output (1.0 MW); however, PJM reserves the right to limit injections in the event reliability would be affected by output greater than such quantity.<sup>16</sup>

Other provisions of the WMPA establish the agreement's general and commercial terms. This includes effective date and termination provisions (section 1.1), notice

provisions (section 1.1), and amendment and assignment provisions (sections 2.4. and 2.6). Section 3.0 establishes the security provisions and states there is no security required with the DP&L WMPA. Section 3.1 establishes the project-specific milestones, including the requirement that the Wholesale Market Participant enter into a two-party Interconnection Agreement with the Transmission Owner by February 28, 2022 to effectuate the WMPA. The Schedules include a single-line diagram (Schedule A), a list of metering equipment (Schedule B), and the Applicable Technical Requirements and Standards (Schedule D). Schedule C indicates if Local or Network Upgrades are required. Schedule E lists the safe harbor provisions. Each of these terms and conditions is similar to those contained in other WMPAs accepted by the Commission.<sup>17</sup>

## **II. WAIVER AND EFFECTIVE DATE**

PJM requests that the Commission grant any and all waivers of the Commission's rules and regulations that are necessary for acceptance of this filing and the enclosed WMPA. Consistent with the Commission's notice requirements for service agreements, 18 C.F.R. § 35.3(a)(2), PJM requests that the Commission grant an effective date for the DP&L WMPA of June 23, 2021, as this filing is being submitted within 30 days of the requested effective date.

To the extent necessary, PJM also requests waiver of the Commission's 60-day prior notice requirement. 18 C.F.R. § 35.3(a)(1), to allow this effective date. Waiver is appropriate because this effective date is consistent with the intent of the parties, as set forth in section 1.1 of the DP&L WMPA. Furthermore, the requested waiver is limited in scope and will result in no harm to third parties. The Commission has allowed waivers of its prior notice requirements when the filing is uncontested and does not change rates,<sup>18</sup> and for other filings involving WMPAs.<sup>19</sup>

## **III. DOCUMENTS ENCLOSED**

In addition to this transmittal letter, PJM encloses the following:

## **2.6 Assignment**

### **2.6.1 Assignment with Prior Consent:**

If the Interconnection Agreement between the Wholesale Market Participant and the Transmission Owner, as referenced in section 3.1.4 herein, provides that such Interconnection Agreement may be assigned, and such Interconnection Agreement was assigned, then, except as provided in Section 2.6.2 of this WMPA, no Party shall assign its rights or delegate its duties under this WMPA without the prior written consent of the other Parties, which consent shall not be unreasonably withheld, conditioned, or delayed; and any such assignment or delegation made without such prior written consent shall be null and void. A Party may make an assignment in connection with the sale, merger, or transfer of all of its properties, including the Participant Facility, which it owns, so long as the assignee in such a sale, merger, or transfer assumes in writing all rights, duties and obligations arising under this WMPA. In addition, the Transmission Owner shall be entitled, subject to applicable laws and regulations, to assign the WMPA to an Affiliate or successor that owns and operates all or a substantial portion of the Transmission Owner's transmission facilities.

### **2.6.2 Assignment without Prior Consent**

#### **2.6.2.1 Assignment to Owners:**

If the Interconnection Agreement between the Wholesale Market Participant and the Transmission Owner, as referenced in section 3.1.4 herein, provides that such Interconnection Agreement may be assigned, and such Interconnection Agreement was assigned, then the Wholesale Market Participant may assign its rights or delegate its duties under this WMPA without the Transmission Owner's or Transmission Provider's prior consent to any Affiliate or person that purchases or otherwise acquires, directly or indirectly, all of the Participant Facility, provided that prior to the effective date of any such assignment: (1) the assignee shall demonstrate that, as of the effective date of the assignment, the assignee has the technical and operational competence to comply with the requirements of this WMPA; and (2) in writing to the Transmission Owner and Transmission Provider, assignee assumes all rights, duties, and obligations of Wholesale Market Participant arising under this WMPA. #### **2.6.2.2 Assignment to Lenders:**

If the Interconnection Agreement between the Wholesale Market Participant and the Transmission Owner, as referenced in section 3.1.4 herein, provides that such Interconnection Agreement may be assigned to any Project Finance Entity(ies), and such Interconnection Agreement was assigned, then the Wholesale Market Participant may, without consent of the Transmission Provider or the Transmission Owner, assign this WMPA to such Project Finance Entity(ies), provided that such assignment does not alter or diminish Wholesale Market Participant's duties and obligations under this WMPA. If Wholesale Market Participant provides the Transmission Owner and Transmission Provider with notice of an assignment to such Project Finance Entity(ies) and identifies such Project Finance Entity(ies) as a contact for notice of Breach consistent with section 15.3 of Attachment O, Appendix 2 in Part VI of the Tariff, the Transmission Provider or Transmission Owner shall provide notice and reasonable opportunity for such Project Finance Entity(ies) to cure any Breach under this WMPA in accordance with this WMPA. Transmission Provider or Transmission Owner shall, if requested by such Project Finance Entity(ies), provide such customary and reasonable documents, including consents to assignment, as may be reasonably requested with respect to the assignment and status of this WMPA, provided that such documents do not alter or diminish the rights of the Transmission Provider or Transmission Owner under this WMPA, except with respect to providing notice of Breach consistent with section 15.3 of Attachment O, Appendix 2 in Part VI of the Tariff, to such Project Finance Entity(ies). Upon presentation of the Transmission Provider and/or Transmission Owner's invoice therefor, Wholesale Market Participant shall pay the Transmission Provider and/or the Transmission Owner's reasonable documented cost of providing such documents and certificates as requested by such Project Finance Entity(ies). Any assignment described herein shall not relieve or discharge the Wholesale Market Participant from any of its obligations hereunder absent the written consent of the Transmission Owner and Transmission Provider.

#### **2.6.3 Successors and Assigns:**

This WMPA and all of its provisions are binding upon, and inure to the benefit of, the Parties and their respective successors and permitted assigns.

## ARTICLE 3 – Responsibility for Network or Local Upgrades

- 3.0 Security for Network or Local Upgrades.** Consistent with Section 212.4 in Part VI of the Tariff, Wholesale Market Participant, on or before the effective date of this WMPA, shall provide the Transmission Provider (for the benefit of the Transmission Owner) with a letter of credit from an agreed provider or other form of security reasonably acceptable to the Transmission Provider and that names the Transmission Provider as beneficiary (“Security”) in the amount of \$0. This amount represents the sum of the estimated Costs, determined consistent with Section 217 in Part VI of the Tariff, of (i) the Local Upgrades and/or Network Upgrades less any Costs already paid by the Wholesale Market Participant. Should Wholesale Market Participant fail to provide Security in the amount or form required in the first sentence of this Section, this WMPA shall be terminated. Wholesale Market Participant acknowledges that its ultimate cost responsibility consistent with Section 217 in Part VI of the Tariff will be based upon the actual Costs of the facilities described in the Specifications to this WMPA, whether greater or lesser than the amount of the Security provided under this Section.
- 3.1 Project Specific Milestones.** During the term of this WMPA, Wholesale Market Participant shall ensure that it meets each of the following milestones:
- 3.1.1 Substantial Site work completed.** On or before November 28, 2023, Wholesale Market Participant must demonstrate completion of at least 20% of project site construction.
- 3.1.2 Commercial Operation.** (i) On or before February 28, 2024, Wholesale Market Participant must demonstrate commercial operation of all generating units; (ii) On or before September 30, 2024, Wholesale Market Participant must demonstrate commercial sale or use of energy and, if applicable obtain capacity qualification consistent with the requirements of the Reliability Assurance Agreement Among Load Serving Entities in the PJM Region.
- 3.1.3 Documentation.** Within one (1) month following commercial operation of generating unit(s), Wholesale Market Participant must provide certified documentation demonstrating that “as-built” Participant Facility are consistent with applicable PJM studies and agreements. Wholesale Market Participant must also provide PJM with “as-built” electrical modeling data or confirm that previously submitted data remains valid.
- 3.1.4 Interconnection Agreement.** On or before February 28, 2022, Wholesale Market Participant must enter into an Interconnection Agreement with the Transmission Owner in order to effectuate the WMPA. This WMPA shall automatically terminate upon the termination of the two-party Interconnection Agreement between the Wholesale Market Participant and Transmission Owner.

Wholesale Market Participant shall demonstrate the occurrence of each of the foregoing milestones to Transmission Provider's reasonable satisfaction. Transmission Provider may reasonably extend any such milestone dates, in the event of delays that Wholesale Market Participant (i) did not cause and (ii) could not have remedied through the exercise of due diligence.

If (i) the Wholesale Market Participant suspends work pursuant to a suspension provision contained in an interconnection and/or construction agreement with the Transmission Owner or (ii) the Transmission Owner extends the date by which Wholesale Market Participant must enter into an interconnection agreement relative to this WMPA, and (iii) the Wholesale Market Participant has not made a wholesale sale under this WMPA, the Wholesale Market Participant may suspend this WMPA by notifying the Transmission Provider and the Transmission Owner in writing that it wishes to suspend this WMPA, with the condition that, notwithstanding such suspension, the Transmission System shall be left in a safe and reliable condition in accordance with Good Utility Practice and Transmission Provider's safety and reliability criteria. Wholesale Market Participant's notice of suspension shall include an estimated duration of the suspension period and other information related to the suspension. Pursuant to this section 3.1, Wholesale Market Participant may request one or more suspensions of work under this WMPA for a cumulative period of up to a maximum of three years. If, however, the suspension will result in a Material Modification as defined in Part I, Section 1.18A.02 of the Tariff, then such suspension period shall be no greater than one (1) year. If the Wholesale Market Participant suspends this WMPA pursuant to this Section 3.1 and has not provided written notice that it will exit such suspension on or before the expiration of the suspension period described herein, this WMPA shall be deemed terminated as of the end of such suspension period. The suspension time shall begin on the date the suspension is requested or on the date of the Wholesale Market Participant's written notice of suspension to Transmission Provider, if no effective date was specified. All milestone dates stated in this Section 3.1 shall be deemed to be extended coextensively with any suspension period permitted pursuant to this provision.

IN WITNESS WHEREOF, Transmission Provider, Wholesale Market Participant and Transmission Owner have caused this WMPA to be executed by their respective authorized officials. By each individual signing below, each represents to the other that they are duly authorized to sign on behalf of their company and have the actual and/or apparent authority to bind the respective company to this WMPA.
